

January 2, 2026

For anyone interested in helping with crafting for the 2026 Operation Christmas Child shoeboxes, we are scheduled to begin February 6th (see future dates below).

You don't have to know how to run a sewing machine or make up a project. We have several assembly projects that we need help with, to make the shoeboxes fill up for packing day, which will be October 30, 2026. We have a great social time while we work and a salad lunch is always provided with a break.

If you have not experienced our crafting group, please consider giving it a try. We filled 150 boxes last fall, just from the group. It was so rewarding knowing that our small church was able to accomplish filling 188 shoeboxes in total.

If you have any questions, call Melanie Mingus or me.
